

WHO WE ARE

Amped Well Servicing; A division of Amped Energy Services, was established in May of 2022 as a result of an increased requirement for service equipment and service professionals in the Saskatchewan and Manitoba Oil and Gas markets. Amped Well Servicing proudly teamed up with well known service professionals local to this market, and with newly refurbished rod service equipment, began the operation in Swift Current, Saskatchewan. Since inception, Amped Well Servicing has expanded operations to Western Manitoba and Southeast Saskatchewan.

FLUSHBYS - ROD RIGS - GRIPPERS - HOT OILERS

WHY WE SUCCEEDED

"The team we have in place has been in the area since 2009. We understand the needs of the producers here. We understand the communities here." The local management really does understand the value of community having been involved in coaching minor sports and volunteering for various local initiatives. They employ local people and support their efforts as well to take part in local activities and sport. Randal Syverson - Operations Manager

WHAT LOCAL MEANS TO US

"Understanding what it means to be local involves embracing community values, engaging with local businesses, and contributing to the well-being of the area. It's about forming connections, supporting local initiatives, and being an active participant in the growth and sustainability of the community."
